

Gender & 3D/4D Elective Ultrasound Packages

OceanMed is proud to offer the best technology for 3D/4D imaging. Know the gender sooner, hear the heartbeat and see realistic pictures of your baby's face. Witness your baby's movements such as sucking their thumb, smacking lips and wiggling fingers and toes and leave with beautiful lifelong keepsakes.

**Visit our website for 3D/4D info, FAQs
and tips to get the best pictures:
oceanmed.ky/oceanmed-3d-ultrasound**

Notes:

3D/4D is Recommended Between 25
and 32 Weeks • HD Live 5D Rendering
is Used in All of Our 3D/4D Scans
